Creating a Project in Overleaf using the J.UCS Template

Create account or login in Overleaf

- To start using Overleaf go to [www.overleaf.com](http://www.overleaf.com).
- If you don't have an account enter your e-mail address and set a password, click Register.
- If you already have an account, click Login in the upper right corner, then type in your email and password and click the Login button.

New Project from J.UCS Template

- You can review general information, version and terms of use at the Gallery page.
- You can start editing your own copy of the template on Overleaf right away by clicking 'Open as Template'.
